BENEFITS:

- A. Multiple widths, depths and heights are available as standard.
- B. Drawers have a 100 lbs load capacity and are available in multiple heights and configurations.
- C. The central locking mechanism locks all drawers at once and is a standard feature.
- D. Cabinets are leveled with easily accessible levelers.

Light-Duty Drawer Cabinets

APPLICATION: For institutions, retail, maintenance storage, electronics, and more. Custom fit the dimensions to insert a cabinet in the lower part of a shelving system. Any light-duty applications requiring drawer storage are perfect for Montel's Light-Duty Drawer Cabinets.

TECHNICAL SPECIFICATIONS:

Light-Duty Steel Cabinets with Drawers:

- **Base:** Cabinet Bases are made of 14-gauge steel and formed 1 3/4" high. Corners are welded. The base includes levelers.
- **Sides:** Cabinet Side Walls are made of 18-gauge steel and formed 5/8" thick. No holes are visible on the outside surface.
- **Top:** Cabinet Tops are made of 18-gauge steel and formed 2 1/8" high. Corners are welded.
- **Drawers:** Cabinet Drawers are made of 18-gauge steel. Drawer fronts have an integrated recessed handle, making drawers flush with the cabinet front. Drawers are equipped with full-extension ball bearing slides and have an 100 lbs load capacity.
- **Central Lock:** Cabinets are equipped with a central locking system located at the center of the cabinet top. Operating the lock will lock/unlock all drawers at once.

	Cabinet Standard Dimensions	Drawer Inside Dimensions
Width	36", 42", 48"	W - 2.816"
Depth	18"	D - 1.344"
Drawer Height	5", 10"	H - 0.548"
